SNAPDRAGONS

The following varieties are especially recommended for greenhouse culture—desirable also for outdoor planting. However, for this purpose they require staking because of tall growth.

JENNIE SCHNEIDER

Beautiful Columbia Rose Pink. Introduced to the trade by A. B. C. and which is today, we believe, the most popular variety of cut flower Snapdragon on the market.

Words of Critical Growers

Henry Smith Floral Co., Grand Rapids, Mich., says of the Jennie Schneider:

"Wish you could see a bunch of Jennie Schneider now in bloom. It is surely a sight. Color, stem and flower of this are all that could be desired. It is also an early-flowering variety."

Price: Originator's Greenhouse-grown Seed (Exclusively Controlled by A. B. C.), per trade pkt., \$1.00; 3 pkts. for \$2.50; 6 pkts. for \$4.50.

CALENDULAS

A. B. C. IMPROVED
SENSATION

Has proved to be a real money maker for the Florist.

Fritz Bahr states in The Florists' Exchange:

"For the Winter and Early Spring months, I don't know a better Catch Crop than Calendulas."

The principal value of A. B. C. Improved Sensation lies in the fact that it is much larger than any other Calendula on the market and has a very distinct crimson or scarlet sheen, which, with its orange base, provides a most outstanding and appreciable combination of coloring. Furthermore, the same is produced on unusually long stems.

Price of A. B. C. Improved Sensation Calendula. Bright Orange with Scarlet Sheen: Trade Pkt., 50c; ¼ oz., \$1.00; ½ oz., \$1.75; 1 oz., \$3.00; 2 ozs., \$5.00; 4 ozs., \$9.00; 8 ozs., \$16.00.

Fischer's Ruffled Cyclamens which Won Medal Awarded at German Flower Show.

FISCHER'S CYCLAMENS WIN.

(From Florists' Review, April 17, 1930.)

The illustration on this page shows a group of 120 cyclamens at a German flower show entered by Ferd. Fischer, celebrated cyclamen seed grower. These plants won a first prize, consisting of a medal and a cash award.

The exhibit is of Mr. Fischer's new introduction, Fischer's Ruffled Salmon, a distinct, deep salmon, with the edges fringed, resembling the fringed orchid. It is said to be as good a producer as other varieties, having a profusion of blooms, and a healthy grower, fixed as to type. American growers who have handled this cyclamen have found a strong demand for it. There will be a larger supply of the seeds available this season, according to the American Bulb Co., Chicago, sole distributors of Ferd. Fischer's seeds in this country.
